

Spacehive

The funding platform for ideas that bring local places to life.

ABOUT SPACEHIVE

Spacehive's mission is to make it easy for people to improve their local area.

We build technology that brings together available funding with the projects that people want and need.

By working together, we believe organisations can support local communities to launch ideas that create a sense of local identity and pride, which leads to greater happiness and prosperity.

Community has never been more important.

We all want our neighbourhoods to be better places to live, but getting your voice heard can be challenging.

Spacehive enables local communities to fund their projects and create positive impact.

RAISE MONEY

We provide a safe and accessible platform to raise funds for a project from your own network

ACCESS FUNDS

We deliver unrivalled access to additional funds from companies, councils and foundations

SPACEHIVE

The ability for communities to transform local places

We understand how to help make local ideas happen.

- 1,400 ideas funded and nearly £18 million raised
- Highest success rate of any crowdfunding platform
- 61% success rate; 89% when a partner pledges
- The community will raise 3x what a partner pledges
- Thousands of people back projects every month
- Over 70% of ideas are from deprived communities
- And over 50% of those ideas are from people new to community improvement
