ReferKent

Making referrals
safe, easy and
secure!

Many people seeking support were subjected to signposting, often from one organisation to another. This left them feeling deflated and falling further into hardship. ReferKent takes the pressure off the individual to reach out.

The network continues to grow

‘The most important thing that we can do for our residents, is to ensure that we do everything we can to support them to make their financial/ and or personal situation better long term. ReferKent gives us the opportunity to do this. The support that ReferKent provides KSAS is immeasurable, and with how easy the platform is to use, and the speed at which they contact the applicants, means I can be assured that our residents are receiving the best assistance that we can offer.
The service is constantly updated with new agencies and I find new ways to support people through ReferKent every day’. - KSAS Assistant
